MESSAGE FROM THE DIRECTOR

Dear Families,

Welcome to New Century School, a highly diverse urban school with an emphasis on STEM education. STEM stands for: Science, Technology, Engineering, and Math.

We are committed to providing our families with the very best education available by incorporating the most advanced teaching and learning resources for students in all four areas of STEM education.

We are now accepting applications for grades K-8.

WHAT MAKES NEW CENTURY SCHOOL DIFFERENT?

New Century School understands how important it is to you that your child be given the best possible education in an environment where they can express who they really are and find out who they can be.

We hope you choose New Century School and partner with us as we strive to give every child that walks in our doors exactly what you would want to give them: A better life with richer opportunities than might have been afforded us!

One of our main goals is to develop properly educated and well-rounded individuals by providing rigorous education, and building their character as well as social and leadership skills.

We offer:

- 21st Century Education
- Computational Thinking
- Inquiry-Based Learning
- Small Class Size
- College & Career Preparation
- Blended Learning
- Engineering & Robotics
- Parent Engagement
- Language Support
- Extended Day Programs

welcome to NEW CENTURY SCHOOL St. Paul, Minnesota

New Century School is a public charter school located in the Midway area of St. Paul, Minnesota.

NCS is currently enrolling students in grades K-8 to provide a quality and high standards program.

The school integrates Computational Thinking and Inquiry-Based learning as the foundational overarching instructional theme.

Students benefit from a rigorous, well-rounded STEM curriculum with a multi-disciplinary instructional

RIGOROUS ACADEMIC PROGRAMS

NCS is committed to helping all students maximize their academic potential and succeed in school.

We provide opportunities for students to experience learning in a conducive, nurturing environment that helps instill confidence and a love of learning.

NCS has high standards and high expectations. Coupled with small class sizes, this allows for intensive and rigorous instruction.

Our programs include:

- STEM Programs
- Reading
- Math
- English Language Learning (ELL)
- Foreign Languages
- Special Education Program
- Service Learning
- Afterschool Programs
- Student Enrichment Activities
